Skills

- Python
- Data visualisation
- MS office
- Communication
- Creativity
- Decision making
- Time Management

Language

- English (Good)
- Telugu (Good)

Hobbies

- Drawing
- Chess
- Photography
- Photo/Video editing
- Listening stories

Summary

Hi, my name is Pavan Kalyan! I'm an adaptable student passionate about Computer Science, known for my strong work ethic and ability to thrive in challenges. Skilled in multiple programming languages, I'm committed to constant improvement. Excited to use my academic background and practical experience to make a positive impact.

Education

**Bachelor of Science-
Mathematics, Statistics, Computer science** 2021-2024
Rayalaseema University
CGPA-7.75

Experience/Internship

Data With Python 22 Jan 2024-22 April 2024
intern-interncall

As a data science intern, I gained hands-on experience with Python libraries for data analysis and machine learning, collaborated with a team on real-world projects, and honed my skills in data visualization and model evaluation. Working closely with mentors, I contributed to solving complex problems and presenting findings to stakeholders, solidifying my understanding of practical data science applications.

Workshop

- Attended a virtual workshop on “Internet of Things (IOT)” with 3 real time projects conducted by “Interncall” on 3 March 2024

Certifications

- Employability skills by wadhwani foundation-September 2023
- Python (basic) certifiante by hacker rank-march 2024
- Data science with python by interncall-April 2024
